

## Primary student use of mobile phones and personal devices

### Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion during school hours.

### Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

### Storage of personal devices

Personal devices (including mobile phones, smartwatches, tablets and laptops) are to be given to the classroom teacher (switched off) at the beginning of the day and collected at the end of the school day. Personal devices can alternatively be handed into Student Services and collected at the end of the school day.

Students cannot use their mobile phones while on school grounds between 8:30am and 3:20pm.

### If the student does not comply

Students using their personal devices inappropriately at school will face disciplinary action as sanctioned by the Principal. The school has the legal right and responsibility to hold a student's mobile phone to be handed to SA Police if there are any concerns regarding inappropriate material on the phone or possible evidence of electronic abuse or harassment.

A personal device can be confiscated as a consequence for non-compliance of this policy. The personal device will be securely stored in the Front Office and will be returned to the student or parent (where necessary) at the end of the school day. Where there is a repeat of misuse or refusal to follow reasonable instructions to hand in a device when asked, we will refer to the School Behaviour Management policy which may include further steps such as admin timeout, internal suspension or suspension.

If permitted to use a mobile phone or personal device in line with an exemption under this policy, do so in a safe, responsible and respectful way and support peers to do the same.

Communicate respectfully with others and do not use a mobile phone or other personal device to bully, harass or threaten another person.

Respect others' rights to privacy and do not take photos, film or audio records of other people without their knowledge or permission.

## Parents

Support the implementation of the school's policy, including the consequences for non-compliance with the policy.

Use the school's formal communication channels in all instances to communicate with the school (including where a student requires early collection from school). Encourage their child to always report to a school staff member in the first instance if they become unwell or experience an issue at school.
